

**Global protection for people,
property & information**

Who we are

AT-RISK International is a global protection agency specializing in security services for individuals and organizations. We create and maintain secure environments by providing threat analysis, protection, investigations, consulting, intelligence and security training services through our team of experts.

Since our inception in 2003, our mission has been to discretely mitigate security threats before they occur. AT-RISK does this through advanced research, analysis and preparations that protect companies and individuals throughout the Americas, Europe, the Middle East, the Caribbean and Asia Pacific.

Our Approach

AT-RISK's approach combines protection, investigations, consulting, intelligence and training to proactively assess and neutralize threats before they develop. Our state-of-the-art Global Risk Intelligence Center supplies us with in-depth analysis 24/7/365. This information allows us to act preemptively whenever a threat does arise. Our combined expertise and international experience set us apart as the global standard in protective practices and investigative services.

AT-RISK plays an active role within the international threat assessment community that allows us access to global intelligence networks and resources. Our long-standing partnership with local law enforcement and government agencies has made it possible for us to safeguard our clients' interests by responding to crisis events, domestically and abroad.

Team Expertise

We hire only the most qualified professionals from law enforcement, national security, military, corporate security, psychology, geopolitics and management consulting industries. Our unmatched team of expert senior staff brings 80+ years of combined senior leadership experience to help meet our client needs. Alongside our leadership team are skilled security professionals who utilize a comprehensive approach to protect our clients with sound strategy, operational efficiency and discreet professionalism.
